1. Getting Started

1.1 Signing In

1. Open the application in your browser.
2. You will see a **"Sign in with Google"** button.
3. Click it and sign in with your Google account.
4. After signing in, the calendar will load with your email displayed at the top right.

Note: You must be signed in to view the calendar, create bookings, or access any other page.

1.2 Signing Out

Click **"Sign out"** in the top-right corner of the calendar page.

2. Calendar View

The calendar is the main view of the application. It shows a monthly grid with the following features:

2.1 Navigation

- **Previous / Next month:** Use the arrow buttons (< and >) at the top of the calendar card.
- **Date range:** You can navigate from the current month up to **2 months ahead**.
- **Today highlight:** The current day is highlighted in **blue**.

2.2 Day Types

Weekdays (Monday – Friday):

- Each day shows a single **"Full day"** slot.
- **Available (no booking):** Grey background, clickable.
- **Your booking:** Green (emerald) background.
- **Another user's booking:** Red background.

Weekends (Saturday – Sunday):

- Each day is split into two slots: **AM** (morning) and **PM** (evening).
- Each slot is independently clickable and can be booked separately.
- Colour coding is the same as weekdays.

2.3 Colour Legend

Colour	Meaning
Green (emerald)	Your own booking
Red	Another user's booking
Blue	Today's date (if unbooked)
Grey	Available (free to book)

3. Making a Booking

3.1 Creating a New Booking

1. Click on an **available** day or slot in the calendar.
2. A modal window will appear with a form.
3. **On weekends:** Select **AM** or **PM** slot first.
4. Enter your **email address** (pre-filled from your Google account).
5. Click "**Confirm**" to create the booking.
6. The calendar will refresh and show the day as booked (green).

Note: The email you enter must match a registered user in the system (i.e., you must have signed in at least once with that email).

3.2 Booking Limits

- You can book a maximum of **7 bookings per month** per user.
- If you exceed this limit, you will see: "*Maximum of 7 bookings per month reached.*"

3.3 Duplicate Prevention

- You cannot book the same slot on the same date twice.
- If you try, you will see: "*A booking with this email already exists on this date for this slot.*"

4. Viewing an Existing Booking

1. Click on any **booked** day or slot (green or red).
2. A modal will display the booking details:

Field	Description
Name	The user's display name
Email	The user's email address
Phone	The user's phone number (if set)
Slot	The booked time slot (AM / PM / Full day)

3. Click "**Close**" to dismiss the modal.

5. Cancelling a Booking

You can only cancel your own bookings.

1. Click on your own **booked** day or slot (green).
2. In the booking details modal, click "**Cancel Booking**".
3. Confirm the cancellation when prompted.
4. The slot will become available again.

Bookings belonging to other users (red) cannot be cancelled by you.

6. List View

The List View shows all bookings grouped by user, then by month.

6.1 Accessing List View

- From the **Calendar view**, click "**List view**" (top-right).
- Or navigate directly to `/bookings`.

6.2 Understanding the List

Each user has their own card showing:

- **Name** (from profile settings)
- **Email address**
- **Phone number**
- **Total booking count**
- **Monthly breakdown:** Each month lists the date and slot for each booking.

Users are sorted alphabetically by name.

6.3 Returning to Calendar

Click "**Calendar view**" at the top of the List View page.

7. Profile Setup

Your profile stores your display name and phone number, which are used when creating bookings.

7.1 Accessing Profile

- From the **Calendar view**, click "**Profile**" (top-right).
- Or navigate directly to `/profile`.

7.2 Editing Your Profile

1. **Name:** Edit your display name.
2. **Phone Number:** Enter or update your phone number.
3. Click "**Save**" to store changes.
4. A green "**Saved!**" confirmation will appear.

Your name and phone number will be pre-filled when you create new bookings.

7.3 Profile Fields

Field	Source
Email	From your Google account (read-only)
Name	From your Google account (editable)
Phone	Manually entered (editable)

8. Booking Limits

Rule	Limit
Maximum bookings per user per month	7
Maximum look-ahead from current month	2 months
Slots per weekday	1 (Full day)
Slots per weekend day	2 (AM, PM)

9. Troubleshooting

9.1 Common Errors

Error	Cause	Solution
"Sign in to view and manage bookings"	Not signed in	Click "Sign in with Google"
"Failed to save booking"	Server error or user not found	Check your email is correct and try again
"A booking with this email already exists..."	Duplicate slot	Choose a different date or slot
"Maximum of 7 bookings per month reached"	Monthly limit hit	Wait until next month or cancel an existing booking
"User not found"	Email doesn't match any user	Sign in with that email first

9.2 Page Not Loading

- Refresh the page.
- Ensure you are signed in with Google.
- Check your internet connection.

9.3 Data Not Updating

- Try refreshing the page.
 - Navigate away and back to the calendar.
